Web Application Development Proposal

InfoBrain is pleased to present this proposal for the design, development, deployment, and maintenance of modern, scalable, and secure web-based applications tailored to meet organizational and business needs.

Scope of Web Application Services

We provide end-to-end development services for a wide range of web-based systems, including but not limited to:

- Corporate and Enterprise Web Applications
- Customer Relationship Management (CRM) Systems
- E-Commerce Platforms
- Learning Management Systems (LMS)
- Human Resource Management Systems (HRMS)
- Auditing and Compliance Systems
- Inventory and Asset Management Systems
- Financial and Accounting Applications
- Booking, Reservation, and Scheduling Systems
- Custom Dashboards and Reporting Systems
- API Development and System Integrations

Technologies Used

- **Front-end:** React.js (modern, fast, and responsive UI)
- **Mobile Application:** Cross-platform mobile app technologies
- **Back-end:** C# with .NET Core
- **Database:** Microsoft SQL Server (MSSQL)
- **Server & Hosting:**
  - AWS or Microsoft Azure (Windows Server)
  - Shared Hosting (lower cost, reduced performance)

Hosting & Server Options

Hosting Type	Description	Annual Cost
Cloud Server (AWS / Azure)	High performance, scalable, secure (Windows Server)	Starting from ₦1,000,000
Shared Hosting	Budget-friendly with limited performance	Starting from ₦500,000

Project Timeline

> The estimated timeline from requirements gathering to first pilot deployment or MVP (Minimum Viable Product) readiness is **2 months**.

Pricing Structure

Project pricing starts from **₦1,000,000** and is determined by:

- Application complexity
- Number of features and modules
- Expected user capacity
- Integration and security requirements

Maintenance & Support

Maintenance and technical support services are available as follows:

- Monthly maintenance: Starting from **₦150,000**
- Annual maintenance (discounted): Starting from **₦1,000,000**

Note: Maintenance fees are exclusive of domain renewal and server/hosting renewal costs.

Conclusion

InfoBrain is committed to delivering reliable, secure, and scalable web applications that align with your organizational goals. We look forward to partnering with you to build innovative digital solutions that drive efficiency and growth.
